- 9.2 Leaseweb may, at any time, by notice impose a credit limit on Customer to an amount to be determined by Leaseweb applicable to the Order value. Any Orders for Services required by Customer in excess of any such credit limit will require Customer to prior deposit an amount equal to or greater than the amount by which Customer will exceed the credit limit.
- 9.3 In addition to Clause 9.1, Leaseweb may require Customer at any time to provide a deposit or a financial security by means of a bank guarantee or a parent guarantee, to be solely determined by Leaseweb or other security satisfactory to Leaseweb.
- 9.4 Any deposit or bank guarantee or parent guarantee shall be held by Leaseweb as security for the payment of the Fees and any other amounts due under the Sales Contract. 10. FEES / TERMS OF PAYMENT

- 10.1 For the use of the Services, Customer shall pay to Leaseweb the Fees specified in the Contract Overview. Unless specified otherwise, all Fees are in Singapore Dollars and exclusive of GST.
- 10.2 Leaseweb is entitled to increase any of the Fees for annual automatic price indexation, with a maximum increase of (a) five percent (5%); or – if higher – (b) the percentage increase in CPI for the previous year. The increase indexation leading to automatic adjustment of Fees will be implemented each year on the anniversary of Customer's Service's Contract Start Date. In case of multiple Services with different Contract Start Dates, the Fees adjustment will automatically apply on each anniversary of

the respective Service. Leaseweb may notify the price indexation by means of an announcement and or email stipulating the specific annual increase of such adjustment of Fees for sole clarification purposes, notwithstanding its right to apply the maximum increase to the invoices of such Services automatically for purpose of Fees adjustment based on annual price indexation. Prepayment of the Services does not exclude the applicability of this Clause 10.2.

- 10.3 In addition to and separate from the annual price indexation in Clause 10.2, Leaseweb is entitled at its sole discretion to automatically add on, pass on, pass through, embed, implement and surcharge to any Services Fees to the extent applicable (a) changes in any (license) fees, purchase tariffs or costs of any products, software, hardware, right to use, electricity, water, gas or other utility services, increased taxes, or any other expenses incurred as procured or leased by Leaseweb from third parties: (i) used by Leaseweb in the provision of Services to Customer; (ii) or licensed, provided or resold by Leaseweb to Customer; and or (b) any costs, surcharges incurred or fees payable for the use of any Payment Services Provider in connection with the payment method.

This means that in case Customer requests from Leaseweb Services of which the majority of main features need to be custom-built to respond to Customer's specific demands or where all components have been developed for Customer's purposes, Leaseweb shall have the right to apply Switching Charges.

Leaseweb has the right and Customer has the obligation if so instructed by Leaseweb in the Customer Portal, to make payments to another regional Leaseweb Payment Service Provider acting on behalf of Leaseweb under the Sales Contract.

10.10 The billing cycle is determined by Leaseweb in any Order and included in the Contract Terms.

10.11 Leaseweb will be entitled to charge an administrative Fee in addition to the invoice of up to five hundred Singapore Dollars (S\$500.--) to Customer, if payment to Leaseweb has been reversed or denied.

10.12 In case Customer has a complaint with respect to an invoice, Customer shall dispute such complaint in writing to Leaseweb within the Payment Term, in the absence whereof invoices are deemed to be approved by Customer. A complaint with respect to an invoice shall only be taken into consideration in the event that the complaint specifies the dispute of relevant invoice(s) and provides evidence in support of the complaint. In such case, the Parties will use commercially reasonable efforts to resolve the dispute amicably within twenty (20) days of Leaseweb's receipt of Customer's complaint, firstly at the level of each Party's senior management and – failing satisfactory resolution within fifteen (15) days – secondly at the Parties executive Managing Director level. 10.15 If Customer does not pay an invoice within the Payment Term, in the event that such invoice has not been disputed in accordance with Clause 10.11, Leaseweb may hand it over to an external collection agency. Any collection costs and expenses incurred by Leaseweb shall be borne by Customer.

11. TAXES

11.1 Unless specified otherwise, all Fees are exclusive of any sales tax, VAT, or similar tax. Customer shall be responsible for and shall pay all sales, use, excise, or similar consumption taxes (including GST, when applicable) arising out of the Sales Contracts, other than taxes levied on Leaseweb's income. The Parties agree the use or provision (as applicable) of the Colocation Service will not create a relationship of lessor/landlord and tenant between the Parties.

11.2 The Parties agree that the amount charged by Leaseweb for its services does not qualify as a royalty, interest or dividend as mentioned in the OECD model convention and its commentary. Taxes that must be withheld at source in the country where the client resides are for the account of the Customer. This means

that the amount payable on the invoice is to be considered an amount after source taxes.
